## Grands Only Undefeated Team In Intermediate Ranks; To Broadcast Okotoks-Coleman Game Saturday

Take Drumbeller And High River Into Camp During Past Week.

Reports reveal that Grands are the only undefeated intermediate team in western Canada. As a direct result of mounting public interest in the team throughout southern Alberta radio station CFCN will broadcast the Coleman-Okotoks game on Saturday night at Okotoks, the game being scheduled to start at 8:30.

During the week the Grands maintained their winning ways and won from Drumbeller in an exhibition game and went through the motions again to win over High River. GRANDS 15 - HIGH RIVER 2.

Before the smallest crowd of the season the Grands ran up another top-sided score by thoroughly trouncing High River 15 - 2.

Possibly because of so few spectators being present the game seemed to lack pep and excitement. The Grands were so superior to their opponents that they appeared to be playing under wraps when compared to their play against Drumbeller.

Grands scored 5 in the first, 4 in the second and 6 in the third against single goals scored in the first and second by High River.

**SUMMARY:**  
Coleman: Pow, Kwasnie, Mozell, Fraser, Kryczka, Kovack, White, Pavlus, Field, Roughhead, Cytko, Antonenko Joyce.

High River: Skory, Harde, Boyd, Cooper, Blair, Wilkens, Pickersgill, Farrar, Vaninkle. Referee: Kubasek.

First Period: 1. High River, Cooper (Tupkal); 2. Cytko; 3. Roughhead (Joyce); 4. Pavlus (White); 5. Field (White); 6. Joyce.

Second Period: 7. High River, Wilkens (Tupkal); 8. Field (Pavlus); 9. Cytko (Antonenko); 10. Joyce (Cytko); 11. Mozell.

Third Period: 12. Kryczka (Fraser); 13. Kwasnie (Antonenko); 14. Mozell (Kryczka); 15. Kwasnie; 16. Joyce (Field) 17. Field (Kwasnie).

### Trounce Drumbeller

Biggest Crowd of Season Roared Its Approval As Both Teams Handed Out Heavy Bodychecks.

The clamor of fans for stiffer opposition for the Grands was met on Saturday night when the executive brought in the Drumbeller Legionnaires, a big, fast team which has been cutting a wide swath in central Alberta hockey circles this winter.

Drumbeller started out in aggressive style and in the first period their fast skating and good combination plays resulted in them having definitely the best of the

play. Mozell from Adams put Drumbeller ahead at the five minute mark and five minutes later they went two up when Gammies scored on Blackett's assist. Grands failed to get one clean shot on goal. The game was a bruising one and penalties were handed out in an effort to hold the players in check.

Grands stepped out on the ice in the second period and flashed a complete reversal of form. They put on the power from the face-off and at 6:50 Kwasnie and Pavlus combined nicely for the latter to fire the puck past Cowdan. Less than a minute later Roughhead checked a Drumbeller defenseman, took the puck from him and went in alone to fire home Grands' second goal. Seconds later Roughhead gave Cytko a perfect pass and the young winger made it good to put Grands one up accompanied by a deafening roar from the crowd.

Rough play saw a regular parade to the cooler. Mozell played an outstanding game for Grands and stopped rush after rush. He took matters into his own hands about two thirds way through the period went into the Drum zone and passed out to Bill Fraser who banged it home. Drumbeller started to press and get back into the game and in a scramble around Pow the rubber came sliding out to Blackett in front of the local net and he had no difficulty in scoring. Grands maintained their pressure in the third and Bill Fraser got his second goal of the night on a play with Kryczka. Drumbeller's confidence of the first period started to wane and finally vanished as their play became more and more disorganized and individual rushes replaced the combination attacks of the first canto. Penalties still continued to plague both teams although the fans were having the time of their lives cheering on their respective favorites to get in there and hit 'em! Antonenko completed the scoring when he fired home Grands sixth goal to completely overwhelm the visitors.

Coleman: Pow, Mozell, Kwasnie; Fraser, Kovack, Kryczka; Roughhead, Cytko, Antonenko; White, Pavlus, Field, Biguen.

Drumbeller: Cowdan; Holden, Chlovehuk; Farmer, Blackett, Gammies, Zuckaruck, Moskic, Adams, Heimbecker, Rogers, Bobrosky.

Referee: Bernardo and McPhail.

## Travelling Theatre Group to Play Here Saturday, Jan. 25

On Saturday, Jan. 25, Mr. Sidney Risk, of Edmonton, will bring his troupe to Coleman, under the auspices of Coleman Players' Club, where they will stage a play known as "The Importance of Being Earnest."

The curtain will rise at 8 p.m. in the Community hall. All members of the Lions club are selling tickets along with members of the Players' Club. Tickets may also be had at The Journal office and Coleman Cash Grocery.

C. H. "Punch" Dickens, OBE, DFO, famous northland flyer and a pioneer in the transatlantic bomber ferry during the late war, who has been appointed assistant managing director of De Havilland Aircraft of Canada, Ltd., at Toronto.

## Big Bonspiel Advances to 32's; Few Upsets

Coleman and Blairmore Ice Used; Cold East Wind Kept Ice In Perfect Condition.

Forty nine rinks from Bellevue, 14, Blairmore, 14 and Coleman with 21 matched skill in the Pontiac, Studebaker and Bill Cole Competitions on Sunday. A cold east wind kept the ice in perfect condition and many thrilling games were witnessed. Due the heavy entry seven sheets of ice, four in Coleman and three in Blairmore, were kept in constant play from 9 a.m. to 11:30 p.m.

Moore, of Coleman, defaulted both his games when it was unable to get a rink together. Joe Emmerson lost a hard game to the veteran Bill Kerr when the latter tied the game on the 12th end by scoring two and then went on to win the extra end.

Most of the rinks played twice having to come from the 64's into the 32's. Those receiving a bye in either the Studebaker or Bill Cole competitions got only one game. Many rinks remain undefeated while some were taken for a ride twice in a row. The teams losing in both the two major competitions will enter the Pontiac. Those rinks entering the four of either one of the two major events will not be eligible for the Pontiac.

**Results:**

Studebaker: 64's  
Dow beat Ruymaekers; Duncan beat Claes; Victor beat Daney; Bruning beat Antle; Nunn beat Richards; Excel beat Cleave; Beal beat Boulton; Ledieu beat McEachern; J. Kerr beat Carmichael; Rinaldi beat Telfer; Holstead beat Fisher; Oliver beat Krzywy; J. Jenkins beat Ritchie; W. Kerr beat Emmerson; McKay beat Moore; G. Jenkins beat Thornton; Koinberg beat Dutill.

32's Duncan beat Parker.

**BILL COLE TROPHY:**

64's: Ritchie beat Moores; Meier beat Rypien; Emmerson beat Coupland; Bonne beat Roughhead; G. Jenkins beat Koinberg; Dutill beat Price; Hoggan beat McEachern; Holstead beat Carmichael; Olds beat J. Kerr; Ford beat Oliver; Krzywy beat Telfer; Fisher beat Ledieu; Rinaldi beat Cleave; Morgan beat Richards.

## NEW SHIPMENT REMINGTON TYPEWRITERS RECEIVED

The Journal is in receipt of another shipment of Remington portable typewriters. These machines are brand new, sturdily built and will last for many years with average care.

Persons interested can view these machines at The Journal office and may take immediate delivery should they choose to buy one.

## Wm. Jenkins Sr. Found Dead On Road

The death occurred Wednesday afternoon of William Jenkins sr., on or about 84 years, when he collapsed and died on the roadway near his home. His body was found by John Morrison jr. of East Coleman. Deceased was a well known old-timer.

News of his death was not generally known till late this morning and The Journal was unable to contact his son William before going to press.

## Victoria Rebekah Lodge Officers For 1947

Victoria Rebekah lodge held its regular meeting on Tuesday evening, Jan. 7, and installed the following officers for 1947.

P. N. G. .... Sis. A. Nash.  
N. G. .... Sis. E. White.  
V. G. .... Sis. C. Lonsbury.  
Fin. Sec. .... Sis. G. Neilson.  
Treas. .... Sis. M. D'Amico.  
Warden .... Sis. A. Vincent.  
Conductress .... Sis. E. Shields.  
Chaplain .... Sis. L. Boulton.  
I. G. .... Sis. J. Claes.  
O. G. .... Sis. E. Yates.  
R. S. N. G. .... Sis. E. Cox.  
L. S. N. G. .... Sis. M. Holstead.  
R. S. V. G. .... Sis. M. Hewitt.  
L. S. V. G. .... Sis. M. Jenkins.  
Musician .... Sis. F. Kerr.

Visiting members from Blairmore and Bellevue were present at the installation which was followed by a social evening during which a dainty lunch was served.

## Wm. White to Seek Re-Election to Hospital

William White, whose term expires at the end of this month on the Municipal Hospital Board, has voiced his intention of seeking re-election to the Board.

Two years ago Mr. White was sponsored by the local miners' union and was elected by acclamation.

Two other Board members' terms expire this year, those being the terms of George Coupland of Bellevue and A. Hollingshead of Hillcrest. Both men represent Local Improvement District 71, of which all territory in the district outside the incorporated areas of Coleman, Blairmore and the Village of Frank is included. It is expected both these gentlemen will stand for re-election.

People shop where they are invited—that's why it pays to advertise.

## Sports Association to Sponsor Ice Carnival For Youngsters; Substitutes For Loss of July 1 Day Last Year

### CLAN DONNACHAIDH SOCIETY NOTES

Plans for the Burns' Night celebration, sponsored by the Clan Donnachaidh Society, are nearing completion. A nice program has been arranged and the Society is confident the public will enjoy it. Following the clearing of the floor there will be some time to fill in as the dance does not start till 10 p.m. During that time if any number of people want to enjoy some old time dances, quadrilles, etc., the pipers will be only too pleased to play for them.

The dance starts at 10 p.m. and continues till 2 a.m. without intermission.

The sale of tickets has been good and the Society is sure the people will patronize this event where they know from past experience a good time is assured. The price for concert and dance, approximately six hours entertainment, is only 50 cents. At this bargain price we expect a large percentage of the participants will be Scots.

Enquiries have been made re admission price for children. We would like, if it were possible, to admit every child free to the concert. This is, as everyone knows, an impossibility. The committee in charge has decided that children up to and including grade six will be admitted for half price if accompanied by elder relatives.

## W. Dutil to Seek Re-Election to Council

Councillor George Jenkins Undecided; Light & Water Question to Come Before Utilities Board This Winter.

The terms of Councillors Dutil and Jenkins expire at the end of the month. Both these men are members of the Light & Water committee, the former being the chairman. Since the Light and Water question is scheduled to come before the Board of Public Utility Commissioners either this month or February it has been felt by some ratepayers that these two councillors should endeavor to remain in office in order to take part in the Light & Water hearing.

On Monday morning Councillor Dutil informed The Journal that he definitely would be a candidate in the forthcoming municipal elections for council. Last week when approached by The Journal Councillor Jenkins was undecided.

## FRACTURED LEG BY SLIPPING ON ICY STREET

Bert Faulkner, of Corbin, BC, fell on the icy street nearby the Grand Union hotel on Wednesday evening of last week and suffered a compound fracture of the right leg.

He was immediately taken to the local hospital where Dr. Liesemer attended to his injury.

### ANNOUNCEMENT

Mr. and Mrs. William Kosma announce the engagement of their only daughter, Rose, to Mr. Gene Lanz, eldest son of Mr. and Mrs. Guido Lanz, of Coleman. The wedding will take place in Holy Ghost church, Coleman, on February 8.

Pop; Hot Dogs, Fruit and Entertainment For Children; Program Will Suit Both Adults And Children.

Last year the children of Coleman lost their annual July 1 sports day due to the fact that the Coleman Crow View Rodeo date came too close to July 1. In order to compensate the children for the loss of that day Coleman Community Sports Association is sponsoring an ice carnival in the arena on Saturday, Jan. 25, at 6:30 p.m.

All members children are invited to attend. Each child will receive pop, hot dogs and fruit.

The program is being arranged so that it will appeal to both adults and children. There will be a fancy costume parade in which only children will compete, children's races, then there will be fancy skating by members of the Bellevue Fancy Skating Club which should appeal to all, broomball will be played followed by novelty events which are planned to be mirth provoking.

The carnival committee plans on having approximately a two and a half hour program.

All arrangements have not been completed and additional date will be given in next week's issue.

## Jim Cousins Addressed Lions Club On Classical Music

Plan to Construct Paddling Pool With Voluntary Labor From Club Membership.

Regular supper-meeting of the Lions club was held on Monday evening with president Frank Abousay presiding.

Two past presidents, Fred Gureard and A. Balloch, were presented with their past presidents' buttons by Lion Percy Dickson. Attendance buttons were presented to Lions Maurice Cooke, Herb Howitz, Al. Cameron, Bob Patterson and Stuart Murdoch by A. Balloch. The Paddling Pool subject was again brought up for debate. Lion Percy Dickson, chairman of the committee, was authorized to meet the town council, place certain suggestions in front of the councillors, secure their report and definitely locate the pool in Flummerfelt Park in order that work could be started on the project in the immediate future. To hold down costs all labor will be secured from the club membership.

As an expression of appreciation to Mrs. L. S. Richards, the hotel cook and waitresses who look after the club's welfare every second Monday a pleasing little ceremony took place during which Mrs. Richards and her staff were presented with gifts.

Lion Jim Cousins was responsible for the program and with his gramophone and records he illustrated his address on the classics in music. His address was quite illuminating to the membership who knew nothing whatsoever of classical music. Knowing it was "Greek to them" Jim took his listeners right to ancient Greece where he explained the history of ancient Greek music, gradually bringing them up to the nineteenth century music.

Showing at

## A Popular Appointment

THE APPOINTMENT OF Mr. Francis Michael Forde to the post of Australian High Commissioner for Canada has aroused much interest in this country. During the war, bonds between Canada and Australia were strengthened in many ways. Both dominions had special interests in Allied operations in the Pacific, and under the Commonwealth Air Training Plan, thousands of Australian airmen received instruction here. These men not only learned a great deal about Canada during their stay in this country, but they made the many Canadians with whom they came in contact more familiar with conditions in our sister dominion "down under". Thus there is more than usual interest in the appointment of a prominent Australian to the post of High Commissioner for Canada.

### Was Deputy Party Leader

Mr. Forde, who is 56 years old, is described as a veteran parliamentarian. He represented a federal division in Australia for 24 years, and for five years before he had been a member of the Queensland state legislature. From 1932 until his retirement last September because of personal defeat in the Australian general election, Mr. Forde had been deputy leader of the Labor party and in an early Labor government he was minister of trade and customs, and acting minister of markets and transport. When the Labor party came into power in 1941 Mr. Forde became the deputy prime minister and for some time in 1945, following the death of Premier Curtin, he was the head of the government.

### Held Post Of Army Minister

During the critical years from 1941 to 1945 Mr. Forde held the army portfolio in his government, and he also headed the Australian delegation to the San Francisco Conference in 1945. Known for his pleasant personality and his ability as a public speaker, Mr. Forde will without doubt be a popular figure in public life in Canada during his term of office here, and in addition it is clear that he brings both wide experience and outstanding ability to his new position. It is with pleasure that the people of Canada look to a strengthening of the friendly bonds between this country and Australia in the years to come.

### HOW YOU CAN GET QUICK RELIEF FROM SORE, PAINFUL PILES

Think of it! An internal treatment that gives quick relief from the itching, swelling and burning, painful soreness of piles. Piles are caused by internal conditions. No lasting freedom from pile misery can be had until you relieve the cause. And the cause is internal. So the best way to treat your sore, painful piles is with an internal treatment like Hemoid.

Hemoid is a formula that has been used for over 60 years by thousands of people. It is a small, highly concentrated tablet which directs its medical action to the point of the complaint that is the real cause of all piles. Hemoid makes up your bowels and eases bladder, promotes free, easy and comfortable bowel movements, relieves itching and burning and stimulates better circulation of blood in the lower bowels. Hemoid strikes right at the cause of your pile trouble quickly and effectively.

We invite you to try Hemoid and let it prove itself. You can make your test at the privacy of your own home, without cost to you and be quickly convinced that Hemoid is an amazingly easy and surprisingly effective method of treating your sore, painful piles.

Get a package of Hemoid today at any drug store. Use it for four or five days. If you are not delighted with it, go get your money back.

NOTE: The agencies of this notice is an old reliable firm doing business in Canada for over 20 years. Hemoid must help your sore, painful piles—must do it quickly, easily and pleasantly or your own test of this remarkably successful formula costs you nothing. Try it today.

### SET ROAR FLARES TO PROTECT DRUNKS

OLYMPIA, Wash.—A state patrolman sighted two warning flares on a lonely highway, pulled up to investigate and found two unconcerned drunks sitting in middle of the road. The patrolman said he learned from a later that a considerable truck driver had set out the flares rather than try to talk the pair into going home.

### FEEDING BERLIN

BERLIN.—An American military government report disclosed that the United States has spent nearly \$80,000,000 in feeding Berlin since July 3, 1945.

This total does not include expenditures for such non-food items as building supplies, textiles, shoes, chemicals and medical supplies contributed by the United States.

## Price Control And Rationing Information

Q.—Will you list for me the ration coupons which become valid in the month of January?

A.—There are five meat coupons, valid in January, M66, M67, M68, M69 and M70. Two sugar-preserves coupons become valid, S39 and S40. Four butter coupons are also valid, B37, B38, B39 and B40.

Q.—My father has been in the hospital for a week and may have to stay there for several more days. Should I surrender his ration book to the hospital authorities?

A.—Every patient staying for more than two weeks in a hospital should surrender his ration book to the hospital authorities.

Q.—The Wartime Prices and Trade Board recently made an announcement about the payment of charge accounts. Would you please advise me when payments are to be made of charge accounts.

A.—Persons buying on charge accounts before the 25th of the month may be allowed until the 10th day of the second month following the purchase before payment of the account becomes due.

Q.—How much has the prices of cars and trucks been increased?

A.—Effective December 18 a ten per cent increase in the consumer price of new Canadian-made passenger automobiles, and an increase of seven per cent, in the consumer price of new Canadian-made commercial vehicles was permitted by the Wartime Prices and Trade Board.

## FUNNY and OTHERWISE

"How did you know your husband won \$500 playing cards?"

"He talks in his sleep."

"How did you get it away from him?"

"I walk in my sleep."

It is claimed by certain authorities, that dark-headed men marry first. It is suggested in other quarters that it is the light-headed ones.

Presenter (to witnesses)—Did you assault the plaintiff with an excess of inrascible sentiments?

The witness started.

Judge (addressing the witness)—Go ahead and answer.

Defendant—Dunno 'bout any 'rascibility. I just punched the guy on the jaw.

Sitting in a concert hall waiting for the concert to begin, a man, seeing a little boy in front of him looking at his watch, bent forward and asked: "Does it tell the time?"

"No," answered the little boy, "you have to look at it."

At the meeting of a local council the head had been some discussion regarding the type of milk which should be provided for the school children.

To conclude the debate, the chairman rose portentously to his feet.

"Gentlemen," he declared, "what this town needs is a supply of clean, fresh milk, and the council should take the bull by the horns and demand it."

In the smoking room of the big hotel the Scot had been boozing every one with tales of the great deeds he had done.

"Well, now," said an Englishman at last, "suppose you tell us something you can't do, and by jove I'll undertake to do it myself."

"Inebriated," "My dear wife, I have taken you safely over all the rough spots of life, haven't I?"

Wife: "Yes, I don't believe you missed any of them."

"Thank ye," replied the Scot, "I canna pay me bill here."

"Talk about persistence. Three times he asked me to kiss him and three times I refused."

"Then what happened?"

"Oh, well—one can't go on like that."

## TRAINING SHIPS ON GREAT LAKES

OTTAWA.—The government has announced a new interpretation of a century-old treaty between Canada and the United States to permit the stationing of naval vessels on the Great Lakes by either country for training purposes.

The treaty involved in the Rush-Bagot Agreement of 1817, drawn up after the war of 1812 to regulate the presence of naval vessels on the Great Lakes as a means of settling specific problems arising from that conflict.

The new interpretation, announced simultaneously in Ottawa and Washington, results from an exchange of notes between the two governments. In effect, this interpretation will continue the practice which developed during the Second Great War of both countries "maintaining naval training vessels upon the lakes."

Canada took the initiative in the new step in a note sent by Hume Wrong, Canadian ambassador at Washington, to Dean Acheson, acting secretary of state, Nov. 18 in which he said discussions had taken place in the permanent joint defence board on the stationing of vessels on the lakes for the purpose of training naval reserve personnel.

Canada took the initiative in the new step in a note sent by Hume Wrong, Canadian ambassador at Washington, to Dean Acheson, acting secretary of state, Nov. 18 in which he said discussions had taken place in the permanent joint defence board on the stationing of vessels on the lakes for the purpose of training naval reserve personnel.

## About Relaxing

"I used to think I was just naturally nervous and tense. But I found out that it was the caffeine in tea and coffee that kept me from relaxing."

People like that should try Postum. It's one grand drink—rich-flavored, hearty, with an appeal that's all its own.

What's more, you can drink Postum and relax like a kitten! Postum contains no caffeine, nor any other drug to keep up nerves or affect heart or digestion.

Postum is made instantly in the cup, just by adding boiling water or hot milk. Try it!

**Postum**

A Product of General Foods

### CATCH SMUGGLERS BY RADAR

#### Another wartime device originated by Britain has a peacetime role. The customs and excise authorities are assembling a fleet of trawlers and minesweepers especially equipped with radar—an invention by Britain which played so vital a part in wartime aeromantics—to defeat smuggling ships to detect smugglers' craft in the thickest fog and overhaul them when otherwise they would be helpless from poor visibility.

### GEMS OF THOUGHT

#### LAW AND JUSTICE

Our human laws are but the copies, more or less imperfect, of the eternal laws, so far as we can read them.—James Anthony Froude.

There is but one law for all, namely, that law which governs all law, the law of our Creator, the law of humanity, justice, equity—the law of nature and of nations.—Edmund Burke.

I believe in obeying the laws of the land. I practise and teach this obedience, since justice is the moral signification of law. Injustice denotes the absence of law.—Mary Baker Eddy.

A law is valuable not because it is law, but because there is right in it.—Henry Ward Beecher.

Law is the embodiment of the moral sentiment of the people.—Blackstone.

What we seek is the reign of law, based upon the consent of the governed and sustained by the organized opinion of mankind.—Woodrow Wilson.

STRAPLESS AND STRAPPED  
A New York store offers a "strapless" evening gown at \$1200. The wearer of one of these obviously won't be strapped, but her husband may.

## KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on "nerves"—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed sleep, nervousness, if you don't rest well get and use Dodd's Kidney Pills. Dodd's help the kidneys so that you can rest better—and feel better.

### RAW FURS

Vancouver is the best market for western Canadian raw furs; we claim to be the people who save you the best returns, the quickest. Ship your furs by mail, your heavy fells such as beaver, badger, skunk by express collect. To get acquainted, we will send you absolutely free a complete set of Canada's big game animal—showing photos on receipt of a shipment valued \$10, or more; this set not only shows you the value of your furs but also shows you the value of your furs. Write to J. M. MUNRO, 1321 Kingsway, Vancouver (Established 1912).

**ROYAL FAST RISING DRY YEAST**

ACTS FAST! STAYS FRESH!

IT CERTAINLY TAKES THE WORK AND WORRY OUT OF BREAD BAKING!

## NEW Faster Acting ROYAL Ends Overnight Bother\_Risk!

NEW Fast Rising Royal is here! The modern baking discovery that lets you do all your baking in a few hours . . . by daylight! No "setting bread" the night before—no baking disappointments because dough spoiled during the night when the kitchen temperature changed. New Fast Rising Royal is ready for action 10 minutes after it's dissolved in water!

And the rich, home-baked flavor of bread baked with New Fast Rising Royal will make your family brag about your baking more than ever. You get 4 packets in each carton of New Fast Rising Royal—4 large loaves to a packet. Stays full-strength, ready for immediate use, for weeks on your pantry shelf. At your grocer's—now!

## UNITED STATES PLANS TO CLAIM LARGE AREA OF THE ANTARCTIC CONTINENT

WASHINGTON.—The United States plans to claim a big share of the 6,000,000-square-mile Antarctic continent, officials disclosed, and the strategy for claiming it will be considered upon the return of Rear-Admiral Richard E. Byrd.

Officials concerned with Antarctic policy decisions told a reporter that conferences will be held next spring on:

1. The timing of the first formal American claim to territory in the frozen southern continent.
2. Proposals to submit rival international claims to the United Nations to avoid endless controversy.
3. The nature of future American survey and occupation efforts to follow the navy's current 13-ship expedition and the smaller independent party to leave shortly under Cmdr. Finn Ronne.

Byrd, most experienced of Antarctic explorers, is aboard the carrier *Phillipine Sea* en route to join the navy expedition. It is due to return after four months.

The American claim is expected to be based largely on those in the northwest sector of the continent advanced by Lincoln Ellsworth and by Byrd. They said after the 1939-41 surveys that the United States could justly claim at least 1,000,000 square miles and perhaps 800,000 square miles more, extending to the south pole.

The government policy now, as restated recently by Dean Acheson, undersecretary of state, is to rest on the claims made by individual American explorers and surveys and to recognize none of the claims advanced by Great Britain, Chile, Norway, France and other countries.

One area of direct conflict is the Marguerite bay area due north of Cape Horn where a small British weather expedition has been dug since 1942 on the site of Byrd's earlier east bay camp.

## CANADA'S 1946 FOREIGN TRADE SETS RECORD ALTHOUGH BELOW THE WARTIME PEAK

By Hon. James A. MacKinnon  
Minister of Trade and Commerce

OTTAWA.—As a direct consequence of the war, Canada's foreign trade in 1946 was at the highest level of any peacetime period in history. The aggregate value of imports and exports for the year was, roundly, \$1,200,000,000. While this represents a 20 per cent. decline from the wartime peak in 1944, the value of trade is three times as great as the average for the five years immediately preceding the war.

The total value of exports approximated \$2,300,000,000 with 40 per cent. of the total going to the United States and 25 per cent. to the United Kingdom. While in many respects the familiar patterns of our peacetime trade have not yet been re-established, it is interesting to note that the United Kingdom and the United States continue, as in pre-war years, to take a much greater portion of Canada's total exports than all other countries combined.

Before the war they absorbed approximately 75 per cent. of Canadian exports, with the United Kingdom taking the larger share. In 1946 this relative position was reversed, with the United States becoming the chief purchaser. The remaining portion of Canadian export trade was widely diffused. Important markets were found in British Empire countries, Europe and Latin America.

Canadian products were in keen world demand to alleviate the urgent needs of areas devastated during the war and to meet the specialized needs of re-established peacetime industry in many countries. Canada's primary industries continued to play a leading role in export trade. Forest products formed the largest single group in 1946, with the bulk going to the United States. Food products, principally wheat, flour, meat, cheese and eggs formed a large part of the exports to the United Kingdom and to Europe.

Imports for consumption were valued at around \$1,900,000,000, the largest annual value in Canadian history. With national income remaining high, and with wartime restraints on purchasing in part removed, consumer spending in Canada reached a record height. Imports of consumer goods were directly affected by this demand, and the increased demand for goods produced in Canada resulted in larger industrial requirements for raw materials, fuels and capital goods. The United States continued to be the principal source of imports. Despite the re-opening of the pre-war channels of trade, goods have not yet become available in normal volume from elsewhere. This point is

### British Auto Firms Get Change In Tax

New Plan Will Permit Making Changes To Motors

LONDON.—British manufacturers will see a change in the automobile taxation system but their hopes of being able to build cars more suited for the export trade will be deflected by shortages of materials and manpower and pressing domestic demands.

Taxation will be on the basis of 14 (54) for every 100 cubic centimetres of engine capacity with a minimum charge of £7 10d. In the past, taxation has been on the basis of 25 shillings for each horsepower, measured on the bore size of the engine. This encouraged manufacturers to build engines efficient enough on British roads but helpless on frontier trails.

British car manufacturers feel the new plan will permit them to make changes to engines providing for greater power, longer life and increased smoothness.

Production authorities say there is little prospect for many new British designs in 1947 although one firm plans a new range of more than 20 horsepower, bringing it more into line with popular United States and Canadian models in the export field.

A 20-horsepower British engine would be roughly equivalent of a 60-horsepower North American engine.

### MAN BITES MAN

VANCOUVER.—When a man bites a dog that's news, but when he bites a policeman that's a crime. Twenty-two-year-old Gordon Sandford learned this to his sorrow when he bit constable I. C. Morrison, who was trying to put him in a patrol wagon. Sandford was charged with assault in addition to drunkenness. The constable had his man-bite treated at a drug store.

(A 20-horsepower British engine would be roughly equivalent of a 60-horsepower North American engine.)

emphasized in the statistics of imports from the United Kingdom which accounted for about 9 per cent. of the Canadian total in 1946, as compared with 18 per cent. before the war.

Domestic prosperity in Canada is closely related to export trade. The structure of our economy requires the maintenance of stable export markets for the products of the great primary industries—agriculture, lumbering, pulp and paper, mining and fisheries. The capital plant of these industries has already been built up, and their productive capacity is far greater than domestic capacity to consume. Consequently, violent fluctuations in foreign demand for Canadian goods, whatever the cause, inevitably reacts in the most unfavorable way upon business conditions throughout the Dominion.

For the time being, foreign demand for Canadian goods is almost unlimited. This demand, however, is not backed up by effective purchasing power, particularly in those countries ravaged by war. Their capital accumulation of foreign exchange was dissipated during the war, and the current account credits from normal trading have not yet recovered enough to provide them with sufficient foreign exchange to cover even their most urgent needs.

Before the war they absorbed approximately 75 per cent. of Canadian exports, with the United Kingdom taking the larger share. In 1946 this relative position was reversed, with the United States becoming the chief purchaser. The remaining portion of Canadian export trade was widely diffused. Important markets were found in British Empire countries, Europe and Latin America.

TAKES FEDERAL SEAT.—Gerald Cournoyer, Liberal, who won the Richelieu-Verchères federal by-election. The Quebec lawyer takes over the House of Commons seat left vacant by the death last fall of Hon. P. J. A. Carlin.

### Skin Disease Treated Successfully

QUEBEC.—The Chronicle-Telegraph said in a news story that calceferol, medical term for vitamin D2, discovered by Dr. Champy of France, in July, 1943, has been used successfully for the first time in Canada by two Quebec skin specialists in the treatment of lupus, an ulcerous skin disease.

Dr. Emile Gaumond, chief dermatologist of Quebec Hotel Dieu hospital, and Dr. Jean Grandbois, his assistant, the Quebec specialists, said the drug has been used in several cases of tuberculosis of the skin over the past four months and that patients showed "major improvements" after treatment.

### GETS THE TURKEY

VANCOUVER.—Violet de Mills of Vancouver got the bird because she knew how many feathers it had. The bird, a 15-pound gobbler, was awarded by the Sunset Memorial centre as a yuletide stunt. Two thousand enthusiasts in Alberta and British Columbia sent in entries ranging from 126 to 55,000,000 but Violet said 6,341—which was right. At the time she who laboriously plucked and counted them—and then counted them out of their clothes—think it is.

RESCUED IN HOTEL FIRE.—When the extension ladder was about half a floor short, a fireman climbed into a ninth-floor window during a hotel fire in Louisville, Ky., and lowered a woman guest, shown by arrow, to other firemen, who brought her by safety. Several hundred guests were forced into the street.

For the time being, foreign demand for Canadian goods is almost unlimited. This demand, however, is not backed up by effective purchasing power, particularly in those countries ravaged by war. Their capital accumulation of foreign exchange was dissipated during the war, and the current account credits from normal trading have not yet recovered enough to provide them with sufficient foreign exchange to cover even their most urgent needs.

### PARCEL POST RATES REDUCED TO U.K.

OTTAWA.—Postmaster General Bertrand announced "considerable reductions" in parcel post rates from Canada to the United Kingdom.

Under the new scale the rate will be 25 cents for the first pound with an additional 15 cents charge for each pound up to 10 pounds; a \$2 charge for parcels over 10 pounds and up to 15 pounds; and \$2.50 for parcels over 15 pounds and up to 20 pounds.

The existing parcel rates are 24 cents for the first pound with 18 cents for each pound up to 10 pounds; \$2.50 for parcels over 10 pounds and up to 15 pounds; and \$3 for over 15 pounds and up to 20 pounds.

Mr. Bertrand said the appreciable saving made possible by the new postage rates will "greatly facilitate the sending of gift parcels by Canadians to friends and relatives in the United Kingdom."

### Crime In Britain Declining Slowly

LONDON.—Crime in Britain, boosted by war, is on the decline.

Though official 1946 figures are lacking, there is indication crime reached its peak in March and declined slowly since.

Shortage of consumer goods and relative necessities was responsible for a large percentage of the war-born lawlessness.

Typical of the "stop at nothing" attitude was the wholesale robbing of churches, mainly for altar carpets and tapestries, scarce on legitimate markets.

London's commissioner of police, Sir Harold Scott, reported last July that incidence of crime in the capital was the worst in 30 years.

Spectacular crimes of 1946 included the double murders of Margery Gardner and Doreen Marshall by Neville Heath, arman and playboy, and the murder of Elizabeth McIlindenny, a housekeeper to the King of Greece, by her lover, Arthur Robert Boyce. Both Heath and Boyce were hanged. During the year 76 murders were investigated.

### UNDER AGREEMENT

Polish Funds In Britain Being Held According To Pact

LONDON.—The foreign office denied a statement by the Polish embassy here that Polish funds were being wrongfully withheld by Britain. A foreign office spokesman, referring to a charge that Britain refused to release \$10,000,000 deposited here for the duration of the war by the Bank of Poland, said the sum involved was \$28,000,000. Conditions for the return of the money were set forth in an Anglo-Polish financial agreement, which has not yet been ratified in London, he added.

A condition of the ratification, the spokesman said, was the observance of various terms of the Potsdam agreement, including the holding of free and unfettered elections in Poland.

### Over Twelve Million Canadian Citizens

OTTAWA.—Legally speaking, a whole new race of people were born on New Year's day when approximately 12,500,000 persons residing in Canada called themselves "Canadian citizens" rather than "British subjects."

The Canadian Citizenship act, passed at the 1946 session of parliament, has been proclaimed to go into effect January 1, and for the first time in the 75-year history of the country as a self-governing British dominion, Canadians for legal purposes—can call themselves what they are in fact.

### SEES BIG YEAR

PRINCE ALBERT, Sask.—Saskatchewan Co-Operatives Minister L. F. McIntosh said in an interview here that the Port of Churchill would have its biggest year in 1947.

## WORKING ON PLANS TO STANDARDIZE EQUIPMENT OF BRITISH AND U.S. FORCES

LONDON.—Military officials have disclosed that Britain and the United States are at work on arms standardization and joint officer training and the Paris newspaper *Aurore* forecast the eventual unification of the two armies under a secret accord it said would be signed March 15.

*Aurore*, a Socialist newspaper, said the first proving ground for the unification of the two armies would be set up in Canada.

A government official, confirming in part reports heard since October, said the two countries had agreed to standardize "certain items of military equipment" and already had experts talking over standardization of small arms to U.S. sizes and patterns.

The air ministry announced that the R.A.F. and the United States Army Air Forces were planning to start joint training with the exchange of 20 to 40 officers each, to be expanded toward an upward limit of 100 each. The exchange was expected to be effected "in the near future."

*Aurore* had reported earlier that the predicted March 15 agreement would call for joint defence in event either Britain or the U.S. was attacked.

It added that equipment of the two armies would be made uniform; that British officer training would be patterned after West Point training,

and that Canada would become the first proving ground of unification. The goal, the paper said, is a single fighting arm, with posts from the north pole to the Rio Grande and from Asia Minor to Japan.

An unnamed British official said experts discussing arms standardization were "starting at the bottom and working their way upwards." He reported no decision yet to standardize all British and U.S. military equipment, but he did not rule out this possibility.

Britain, he added, "is not averse to standardizing military equipment with the Russians." He told newspapermen that Field Marshal Lord Montgomery, British chief of staff, would bring back any Russian proposals on the subject from his visit to Moscow this month but did not plan to talk arms reduction.

Informed quarters said that U.S. flying colonels and R.A.F. group captains—the equivalent rank—would lead small groups of officers exchanged under the new joint air training plan.

The officers, the air ministry said, are to be put into schools or attached to commands and staffs to be trained in staff methods, tactics, equipment and research.

"Britain and the United States are rapidly completing plans for land, sea and air co-operation if they are involved in another war," they were told in a statement.

## GOVERNMENT LIKELY TO ACCEDE DEMAND FOR FURTHER CUTS IN INCOME TAXES

\$210,403,175 PAID OUT IN FAMILY ALLOWANCES

OTTAWA.—The health department reported that its welfare branch paid out \$210,403,175 in family allowances in 1946, an average of approximately \$6 a month for each of the more than 3,355,000 children eligible.

The 350-word statement reviewed the department's activities during the year, which it said had been marked by an "extension and consolidation" of its work.

### To Feel Right — Eat Right!

Persons advocating higher exemptions stress that not only would it spread the benefits over all taxpayers by reducing the portion of their income on which they would be taxed but it would help industry's labor problems. Many more employees would be able to work full time without being liable to income taxes. All industries might benefit in reduction of absenteeism but it would be a particular help, they say, to pulp and mining companies.

It is explained that both pulp and mining companies are woefully short of labor and are competing with each other for the manpower available.

While no accurate figures have been prepared of the actual loss of revenue the boost in tax exemptions would entail a rough estimate of \$100,000,000 leaving \$100,000,000 for the finance minister from this one source.

One argument is that the higher cost of living should be met to some extent by higher exemption, that a married man should be able to earn \$10 a week before he has to pay income taxes, the costs of maintaining a home being what they are.

Because people have told him "it can't be done," a South Dakota doctor is aiming to perfect a rose without thorns.

### NOTES AND COMMENTS

#### WIDER REPRESENTATION REQUIRED ON SCHOOL BOARD

The municipal elections are again drawing near. On the council we have the businessmen and the union evenly represented. On the school board, however, the union has dominated the Board for the past number of years. The trustees have been conscientious in conducting school business and while they have constantly done what they considered best in the interest of the ratepayers we are of the opinion that greater representation should be had on the school board.

We take the view that there should be no politics in community government. The citizens should always strive to have the best men fill civic office and while the union has placed some good men in civic office there still remains very good men outside the union who should be called upon to serve their community.

#### A PROBLEM FOR ALBERTA

The newspaper reports from Edmonton of the meeting of the Alberta school teachers, during the Christmas holidays, should be a cause of concern to all parents in Alberta.

According to the figures given, there is a shortage of approximately twenty three hundred teachers in this province and between eighteen and twenty per cent of the children are receiving their education by mail. This is a serious situation.

The reason for this shortage of teachers is obviously the smallness of the salaries and the lack of assurance of a promising future.

It is impossible to expect the municipalities to assume a larger share of the cost of schooling and therefore it is up to the government to shoulder the additional burden.

It is generally recognized that the progress of a nation depends upon the soundness of its educational facilities. This being the case, there should be no argument as to where the duty of the government lies.

#### THE WINTER WINDS DOOTH BLOW

The winter of 1946-47 is one that will be written into the records as long and severe, accompanied by heavy snow and cold winds.

The Crows' Nest Pass having been denied a Fall season worthy of the name received its first snow fall during the early part of October. This snow has never really disappeared. In mid-November a heavy snowfall over a period of three days so tied up transportation that the Pass was isolated with the exception of the Canadian Pacific Railway for several days. Even normal transportation within the community was halted.

Cold winds, which never seem to abate, keeps this portion of the province shivering even when prairie points further east are enjoying mild spells. It is only when the Weather Man forecasts "colder weather tonight and tomorrow" that the Pass gets its share of the weather forecast.

At the time of writing this on Wednesday afternoon the strong, cold, west wind is whistling past The Journal office. This constant wind reminds us of the radio engineer sent to Sentinel some years ago when TCA was inaugurating its regular flying route through the Crows' Nest Pass. Upon his departure from Sentinel to another assignment he remarked to us that "never will I forget the Crows' Nest Pass and its constant winds."

#### GET 'EM YOUNG

How often in sports one hears the saying "Get 'em Young." Coleman has always been a fertile spot for

the raising of hockey players and this has been due in main by "getting 'em young."

Some years ago a Pee Wee league was organized. Youngsters barely able to balance themselves on skates have been taken in hand, trained in the rudiments of the game, placed on teams and brought steadily along through midget, juvenile, junior and intermediate ranks. As a result when these youngsters reach junior and intermediate ranks they are better than average hockey players as shown this year with the Intermediate team and a few years ago with a local junior team.

Their prowess is publicized and hockey scouts become interested. If the boys have what it takes then they are picked up into the big leagues where they can earn respectable salaries. Today three young players are being watched by hockey scouts.

Insufficient recognition is given to local hockey coaches. Their work is done behind the scenes, the public only sees the finished product. These men give their services because the sport is in their blood and they want youngsters to grow up proficient in the game so that they may be a credit to themselves and keep Coleman constantly in the front ranks of provincial hockey. Long may they continue to serve the youth of the town.

#### FLUMERFELT PARK

It is some years now since it was first mooted that the council would undertake to give Flumerfelt park a "face lifting." To date nothing has been done. The Lions paddling pool has been held up for the past three years because the club could not definitely point to a particular spot in the park and say "we'll construct the pool here!" The civic centre is now mooted as going to be located in the park.

The park is a natural beauty spot and should be developed for the comfort and recreation of the citizens generally. We would suggest that an experienced man be brought in for a day, inspect the park in its entirety and then authorized to draft a blue print on how it should be laid out to the best advantage.

In this manner experience would supersede amateurism, the civic centre would be located, the paddling pool would be located, the tennis courts would probably be located elsewhere in the park, flower beds would bloom, lawns would appear, benches would be available for one to spend a quiet hour in a summer's evening in what should rightfully be Coleman's beauty spot.

#### SCHOOL ACCOMMODATION

When on the subject of getting experienced men there is another problem which requires that of experienced advice. As all know the public school is fast approaching the point when it will be unable to absorb all youngsters of starting school age. Doubt has been expressed by a Board member as to whether or not the high school structure could stand up under another storey. There appears only one way to clear up that doubt and that is to ask the architect who designed the building along with the contractor who constructed it. If the building cannot stand additional weight then the fact is known and time will not be wasted in further discussion on that particular point. The annual ratepayers' meeting will be held in two weeks and information such as the above should be available should it be required to answer questions.

#### PEE WEE HOCKEY NOTES (By Onlooker)

Sunday's League Games:  
Legionnaires defeated Elks 1-0 to continue as league leaders, Peter Kovack scoring the only goal of the game.

Lions advanced to second place by defeating Pat's 1-0 Billy Smith scoring the only goal of the game. Play was exceptionally clean with the only penalties going to Oliva of the Lions and McEwan, of the Legionnaires.

Team	W	L	T	GF	GA	P
Legionnaires	2	0	0	6	1	4
Lions	1	0	1	2	1	3
Elks	0	1	1	1	2	1
Pattinson's	0	2	0	1	6	0

Scoring Statistics:	Goals	Assist	Pts.
Kovack	6	0	6
Jenkins	1	0	1
Kerr	1	0	1
Smith	1	0	1
Tiberghien	1	0	1

In the midget game the Shamrocks defeated the Grands by a score of 7-0 to even their series at one all as the Grands had won 4-2 on the previous Sunday.

Play was fast but a steady stream of penalties marred the match as players were guilty of high sticking, boarding and tripping.

The Shamrocks were bolstered by two players from Bellevue, Stan Wells and Alex. Wells, while Jack Davis of Bellevue was added to the Grands' lineup. All three will perform with the local team in the provincial midget playoffs.

### Holstead And Emmerson Rinks Won Turkeys

Holstead Rink Proves Itself Best in 'spiel' Emmerson Won "B" Section.

The Holstead rink comprising Tom Holstead, skip, Stuart Murdoch, Herb. Hewitt and Johnny Owen proved themselves masters of the beam and stane during the past two week ends as they brushed aside all opposition in the recently concluded "Christmas" bonspiel for turkeys.

In the final they met the Ford rink and trounced it 15-5 to win the major event.

Emmerson's rink who met defeat in the initial round to determine in which section the various rinks would play went through "B" section without a loss to win the turkeys. Joe states he "master-minded" the rink into "B" section

and then left the job of winning the 'spiel up to his able third, Rubin Johnson, who skipped the rink in the final game due to the absence of Joe.

#### GOOD NEWS FOR HOUSEWIVES

The George Pattinson Hardware announces that it will soon have on exhibition, and for sale, the new BEATTY AUTOMATIC WASHER.

Housewives will be interested to know that this machine does away with 95 per cent of the labor previously needed to wash and damp dry clothes. You simply place the clothes in the machine, add the soap and water and then turn the switch. In a few minutes the clothes are washed, rinsed and damp dried ready to hang out. The washer drains and cleans automatically there being no soap and suds to clean out.

No installation costs are incurred as this machine can be used in any laundry, kitchen or bathroom. The washer is attached to taps as easily as a garden hose.

Watch for it. . . . Wait for it.

## Mr. and Mrs. J. Scott of Kimberley Have Golden Wedding

Editor's Note: The following extract was taken from the Kimberley Courier. The honored couple are known to a fairly large number of local people and Mr. and Mrs. Jimmy Pearson who also celebrated their 35th wedding anniversary were formerly Coleman residents in the early 20's.

New Year's Eve Mr. and Mrs. James Scott of Happy Valley celebrated their golden wedding. One hundred and 40 guests attended the celebration that was held in the Oasis and these two old-time residents and highly respected citizens were showered with gifts and good wishes on the occasion.

The program started at 7:30 when the happy couple were piped to their seats of honor by two sons, Angus and Hamish, amid the applause of the assembly.

Archie Tait, as Master of Ceremonies, read congratulatory messages from distant relatives and friends unable to be present. Then in his own inimitable way, presented gifts from members of the family, from those at home, from Mr. and Mrs. John Urquhart in Scotland, from Mr. and Mrs. Patterson of Pennsylvania and from Mr. and Mrs. Norman McKenzie of Vancouver.

Dr. J. F. Haszard then presented to Mr. Scott, from, as he said anonymous friends, a bottle of the wine of the Old Land.

Gifts and accompanying good wishes were then tendered on behalf of friends in the community to Mr. Scott by Rev. T. E. Roulston and to Mrs. Scott by Alf Watson.

The Master of Ceremonies then proposed a toast to the wedding couple which was responded to in the time-honored fashion.

Two other well-known Jimmies present, and their wives were also at this season celebrating their wedding anniversaries, Mr. and Mrs. Jimmy Pratt, their 6th, and Mr. and Mrs. Jimmy Pearson, their 39th. Congratulations were extended by all present and were suitably acknowledged.

Paton's Baking Service Gets  
Good Score On Bread

Paton's Baking Service recently had its bread scored by a milling company and proprietor Bob Paton is highly pleased with the results. The score was 91 points out of a possible 100.

Here is how the loaf was scored:  
Volume 10 out of 10; Color of crust 8 out of 8; Evenness of bake 2 out of 3; Symmetry of form 3 out of 3; break and spread 2 out of 3; character of crust 3 out of 3; grain 9 out of 10; color of crumb 8 out of 10; texture 13 out of 15; aroma 14 out of 15; taste 19 out of 20. 90 to 95 points is classified as good quality bread.

## Grass and Roots

**Do it NOW!**

He who gives quickly gives twice. Send your cheque or money order TODAY to Canadian Aid to China for IMMEDIATE relief of suffering among Chinese victims of war and famine.

This is the only national appeal to be made in Canada within the next twelve months for Chinese relief.

...the only food for him, and millions like him, in war-ravaged China

This old peasant, his farm devastated by the Japanese, is too weak to work. His diet for months has been grass and roots. Of China's people, 83 per cent. are farmers. Millions are in urgent need of food, clothes, medical supplies. UNRRA's work is ending; voluntary agencies must carry on. Canada must do her share. Will YOU help? China, a good neighbor and customer, will not forget.

## Be Generous! China, a Good Neighbor, calls to YOU! CANADIAN AID TO CHINA

Make Cheque payable to Canadian Aid to China and mail to Provincial or Local Headquarters. Or to any Chartered Bank.

CANADA'S HORSES TO HELP REBUILD EUROPE. Sturdy Canadian draft horses are being gathered and shipped by thousands by UNRRA for service in war-devastated Europe. The "recruiting centre" in Eastern Public Market at Montreal, where already more than 9,500 have been cared for. Eventually 18,000 will be shipped to European countries. After their long train trip by Canadian Pacific Railway from Western Canada, horses are herded into large barns (upper left) where they are fed, watered and groomed. A horse auctioneer (upper right) watches Dr. Charles E. Taylor, Cookshire, Que., examine a fine specimen to determine its weight, age and condition. Men at the able register horses if declared fit for overseas duty. Several inoculations for each animal are part of the processing to prevent sickness in transit or in Europe and in lower left Dr. Romeo Raymond, Montreal, inoculating veterinarian, applies the serum. After the inoculation a workman brands the horse's left shoulder with the letters UC, which signifies UNRRA-Canada.

# Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

## BOILS—DON'T NEGLECT THEM

Increased knowledge and more effective treatment methods have helped medical science in its fight against boils.

In recent years the application of four important germ-destroying drugs, the sulfonamides, penicillin, streptomycin and toxoid, has proved effective in many cases.

Dr. William Bolton of the Bureau of Health Education, American Medical Association, wrote in a recent issue of Hygeia that application of x-rays also had proved to be satisfactory in numerous instances.

He revealed that complicated investigations have shown that in some boils there is a slight variation from normal in the chemical reaction of the skin, in others excessive collections of secretion, forming a special culture bed for germs, and in still others a slight excess of sugar content in the skin cells. These latter, however, were definitely not diabetic.

### Anemia A Factor

Among other general conditions found to be responsible for boils are anemia, a run down condition and excessive fatigue. It has been stated that a protein-poor diet occasionally may be responsible, or under activity of the thyroid gland. Recurrent minor infections of the skin predispose to flare-ups, resulting in the formation of boils.

Normal skin harbors many germs, the majority of them being harmless. However, germs such as the staphylococcus group which cause boils may be present and cause trouble.

Dr. Bolton, in his Hygeia article, said that "invasion of the skin by these germs takes place often through almost invisible breaks. Also, the germs frequently start their trouble within the tiny opening of sweat glands or the special activity of sebaceous glands. Because the latter are associated with hair follicles, boils are observed most commonly on hairy areas of the skin."

It also is known that boils come on areas exposed to friction from clothing.

Three ironclad rules are generally followed in the treatment of boils because there is now full medical and surgical understanding of the way in which boils are fought by the body. The rules are—

- (1) Never cut a boil too early, if it is to be cut at all;
- (2) never attempt to squeeze, or press out the contents, and
- (3) if a cut is made, never cut widely.

If you are a sufferer from recurrent boils, it would be a good idea to see your physician concerning immunization against boils.

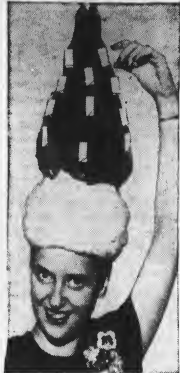

However, in the average case all that is needed is a dressing protection. Frequently germ-destroying ointments may be indicated, if for no other reason than to prevent spread of infection to adjacent portions of the skin.

Boils are serious and should be treated by a physician or under a physician's supervision.

**MINNEAPOLIS MAN RUNS AUTO-RE-STYLEING AGENCY**  
MINNEAPOLIS, Minn. — Jerry Stageberg, 22, runs an automobile "re-styleing" agency here.

Aware that people are tired of their old cars, but can't get new ones, Stageberg remodels their automobiles. A complete "re-styleing" includes removing all chromium, changing radiator grille design and lowering the top about four inches. The trunk handle also is removed and the licence plate put under glass. Result: a low, powerful-looking, streamlined automobile.

Stageberg said that the general idea is to smooth up the surfaces of the vehicles by removing anything that protrudes.

**MERE MAN STARTLED BY GLOWING HAIR-DO** — "Now I've seen everything," said startled cameraman when he saw this phosphorescent Christmas tree hair-do worn by Roxanne North of Kansas City. The dress, dreamed up by Dorothy Woolery for a special beauty school Christmas party, was declared a glowing success. The treated hair glimmers green, the top-of-tree star amber, and the little slips of paper, various other colors.

## Mental And Physical Control Prevents Accidents

TORONTO. — "All of us voluntarily or involuntarily are 'copy cats,'" states R. B. Morley, general manager of the Industrial Accident Prevention Commission, in a memorandum issued to industrial executives throughout Ontario.

Speaking of accident prevention in industry, Mr. Morley says, "Each of us is affected by the conduct of people with whom we associate. Our conduct may readily be taken by someone else as a model for his own."

Emphasizing that accident prevention calls for mental and physical control, he says, "If we want things to be right it matters what we do and how we do it. Everything which lowers standards in the safety movement has a bad effect on accident experience. Everything which raises the tone has a good effect. Getting things right and keeping them right is accident prevention."

### SELECTED

## RECIPES

### CHEESE SQUARES

Mix the large recipe of baking powder biscuit dough, adding 1 to 2 cups grated American cheese to flour mixture. These require added liquid. Allow about 1/4 cup more milk to give the soft dough desired. Roll out and cut in squares or crescents. Brush with milk, sprinkle with paprika. Bake as directed. Serve with butter, or top with creamed ham as a main dish.

### EVER-READY BISCUIT MIX

Save time—keep biscuit mix on hand to use when needed, for biscuits, pie tops, or shortcake.

12 cups (3 qts.) sifted flour  
4 tablespoons Calumet baking powder  
4 teaspoons salt  
2 cups (1 lb.) shortening

Mix this triple-recipe of baking powder biscuits—all but the liquid. Place in glass jars or crockery bowl, cover lightly with a cloth or plate to allow circulation of air, and store in a very cool dry place. Keeps well for 3 to 4 weeks.

To use: Measure 3 cups biscuit mix into bowl. Add milk gradually until a soft dough is formed. (Takes about 3/4 cup milk.) Then knead, roll, and bake in the usual way for biscuits or a shortcake. Makes 15 to 18 biscuits.

For a meat pie top, use 2 cups biscuit mix and add about 1/2 cup milk.

In ancient Greece, health was considered one of the highest goods, and disease a great evil that made man inferior.

## Royal Bank Assets Reach New High

Total Now Over \$2,130,000,000. Deposits Stand At \$1,963,000,000. Commercial Loans Increased.

The steadily increasing momentum of Canadian business, both at home and abroad, is clearly reflected in The Royal Bank of Canada Annual Balance Sheet for the year ending November 30th, published recently.

Total assets which last year topped the \$2,000,000,000 mark for the first time have again increased to the new record level of \$2,131,974,000. Deposits by the public, including Dominion and Provincial Government deposits, are substantially higher, having increased more than \$171,000,000. It is understood that the greater part of this increase is in interest bearing deposits in Canada, a clear indication that the scale of private savings is being well maintained.

The bank's investments in Government and other public securities, totalling \$1,098,880,239 include \$109,000,000 of Government securities other than Canadian, of which the greater portion is in United States and British Government securities.

Investments in other bonds, debentures and stocks, now standing at \$65,268,639, have increased by some \$32,000,000.

A sharp reduction of call loans in Canada as compared with a year ago is noted. The volume of loans under this head in 1945 was abnormally high, due in large measure to the Victory Loan campaign last year.

The upward trend in Commercial Loans and Discounts in Canada, noted in last year's Report, has continued, the increase under this heading amounting to \$25,000,000. This figure, however, does not accurately reflect the substantial increase in strictly commercial loans made by the bank in the Dominion during the period under review, because included in the figures of the previous balance sheet were substantial loans to borrowers for the purchase of Victory Bonds.

This factor was of much less importance in 1946. Commercial loans by the bank's foreign branches totalling \$105,064,911 also show a substantial increase of \$17,000,000.

The liquid position of the bank is, as usual, very strong. Liquid assets now total \$1,690,742,140, equal to \$1.69 per cent. of the bank's liabilities to the public.

Profits for the year, after the usual contribution to the Pension Fund Society and appropriation for Contingency Reserves, amounted to \$8,906,886. Of this amount \$2,055,000 has been set aside for Dominion Government taxes and \$830,491 for Bank Premises, leaving a net profit of \$4,120,885. This figure compares with \$3,088,847 the previous year. Out of Net Profits \$2,800,000 was set aside for dividends, an increase of \$50,000 for the year, and \$1,220,885 carried forward to surplus, resulting in a balance of \$6,467,414 in this account. From this amount \$3,000,000 has been transferred to Reserve Fund, leaving a balance of \$1,467,414. There has been restored to the Reserve Fund an amount of \$15,000,000 which had been transferred to the bank's inner reserves as a precautionary measure in 1933 and which was not required.

### HELD RE-UNION DINNER

LONDON.—Three hundred of the men of whose exploits little was heard during the war—men who operated behind the enemy lines destroying enemy aircraft on their own airfields—gathered for a reunion dinner of the Special Air Service.

Animal stars earn about \$500 weekly when at work in motion picture theatres.

**EX-GL. LEGAL OWNER OF GOERING BROOCH**—Once owned by Hermann Goering, dead Nazi war criminal, this \$5,000 diamond brooch is now the legal property of Marcus Roberts, 30, Louisville, Ky., veteran shown here, who bought it in Germany from another G.I. Its origin in Germany has been traced by U.S. federal authorities.

## Many Claimants For Land At South Pole

LONDON.—The scramble for the possession of the earth's last unclaimed land areas—the regions around the South Pole—promises to reach its climax during the next few months after being interrupted by the war.

The chief contestants are the British, who sent a party of 12 scientists southward several weeks ago, and the United States, which dispatched Admiral Byrd from Norfolk, Virginia, on December 2 with the most lavish Antarctic expedition in history. But Britons are well aware that the contest isn't merely two-sided. There are many other claimants in the field.

In the Times, the diplomatic correspondent lists these claims, many of which he says are conflicting and obscure.

Chile, the Argentine republic, Norway, France, Australia and New Zealand all claim some parts of the Antarctic territory. In many areas, these claims overlap and conflict.

Britain claims certain clearly defined territories known as the Falkland Islands dependencies, though these are also claimed by Argentina "by right of geographical proximity"—a right, the correspondent points out, which has no basis in law.

Parts of these dependencies are also claimed by Chile, so that there is a three-way tussle. The United States officially neither makes nor recognizes the claims to domination. The Norwegian, Australian and New Zealand claims are fairly generally accepted. Not so, however, are certain claims made by Nazi Germany before 1939. In that year, Luftwaffe planes flew over the Princess Astrid land and dropped Swastika flags. "But," says The Times, "German pretensions have never been seriously considered."

### MALAYA TO HAVE NAVY

SINGAPORE.—Malaya is to have its own royal navy for the first time in history. It was disclosed here that appropriations have been approved for the formation of a "royal Malaya navy" in the 1947 estimates and the training of the nucleus of the force has already started.

## Manitoba Fire Hero Given Humane Award

Credited With Saving Carberry Boys Trapped in Forest Fire

CARBERRY, Man.—A 22-year-old Carberry resident, Peter Kramarchuk, received a parchment from the Royal Canadian Humane Society, in recognition of his support and assistance to six Carberry boys trapped in a forest fire last April 30.

Mr. Kramarchuk, a veteran of the R.C.A.F., is credited with having saved the boys' lives by leading them in digging a slit trench where they took shelter until the fire had passed over.

Five of the six youths concerned were present as the presentation arranged by the Brandon sub-division of the Royal Canadian Mounted Police, was made by Mayor B. W. Caldwell of Carberry. They were: George Naiman, Collins Court, Trevor Calhoun, John Gibson, Wesley Whitelaw and Stuart Bradford.

The sixth, Bill Elliot, is now a patient in the Winnipeg General Hospital but is reported to be making good progress. He was carried to safety by Kramarchuk, though the latter was himself badly burned. The other boys were all treated for burns at Brandon General Hospital but made good recoveries.

Kramarchuk was credited with keeping up the boys' courage by telling stories and jokes as the wall of flame neared the trench and passed directly over their heads.

Mr. Kramarchuk, a scout master, was awarded the Bronze Cross of Scouting, highest scout award, last summer, during the visit of Lord Rowallan, chief scout. Residents of Carberry had previously presented him with a gold watch.

## WORLD HAPPENINGS BRIEFLY TOLD

St. Paul's Cathedral repair appeal fund has reached £98,000 (\$368,000). Canadian-made utility furniture soon will be on sale at Leeds, England.

It is planned to link the whole of Britain by a new and faster automatic teleprinter service.

A violin made in 1740 by Lorenzo Guadagnini, pupil of Stradivari, was auctioned in London for \$5,800.

Germany has a population of 64,766,106 persons or approximately 5 million less than when Hitler led her into World War II.

A group of 150 Polish refugees in Tel Aviv, Palestine, petitioned the government for permission to go to the Philippines.

Gen. Sir Miles Dempsey, commander of British forces in the Middle East, will retire July 1, the war office announced.

The Canadian government has rescinded its 1941 regulations prohibiting the importation into Canada of goods from Japan or of Japanese origin.

A New York book publisher sends out word that the last chapter of a new book had been left out and "the mistake was not discovered for some time."

The insignia of the order of the Garter—a blue velvet garter and star with St. George in gold slaying the dragon—will be sent by the king to Viscount Alexander, governor-general of Canada.

# "SALADA" TEA BAGS

So handy

OUR COMPLETE  
SHORT STORY—

## BULLFROGGER

By LEALON MARTIN, JR.

Copyright Wheeler Newspaper Syndicate

STEADILY the Mary Jane pushed the blunt barges, heavy with oil for Cincinnati, against the down sweep of the Mississippi's brassy current. Her big diesel throbbed, the deep throaty sound of a good engine. Cap'n Tom Leatherwood, coming into the wheel house to start his trick, granted she was a fine little tug. Far a tug went. She'd made good time since Jim had swung her away from Baton Rouge, where her barges had been pumped full of oil, but to Cap'n Tom a tug was just a tug. Not a sweetheart like the Johnson City. "I'll take her now, Jim," he told the other pilot.

As he settled himself upon the tall stool behind the wheel, he remembered that this was an occasion. His first full shift as a long trade pilot! Him a long trader! He still couldn't believe it.

"But this here's temporary. I'm a bullfrogger," he assured himself. He tugged his cap down firmly and spat into the swirling, cocoa-brown water to emphasize the point. Loyally, he turned his thoughts to the Johnson City.

There was a ferry for you! Twenty years regularly shuttling to and from across Old Al—and never once had she let him down. Carried goodness knows how many thousands of folks across the Mississippi. And their cars and wagons and livestock and what not. Without a bad accident in all that time! 'Twas something to make a man feel real pleased. Cap'n Tom jiggled the Mary Jane's wheel ever so slightly, carelessly, the way he used to do the Johnson City's.

A record like that was hard to tie. Pilots in the long trade, running up to St. Louis or on to Cincy or to Pittsburg, laughed at bullfroggers. But Cap'n Tom had always been more

than satisfied to be just a ferry pilot. The long traders kidding never had faded him.

"Just a big old bullfrog!" Long haul men used to rag him, same's they always did ferry men. "All he does is hop from shore to shore!" He had ragged right back, and they'd never bested him. Nevertheless, Cap'n Tom reckoned now, it was mainly stubbornness that had kept him running the Johnson City long as he had. He'd maintained her right on schedule, losing money or not, even when many days there weren't a handful of passengers all told. The day of the ferry was about ended on the Mississippi. Chiefly it was the bridges. Bridges! Cap'n Tom sighed. Great arches of steel spanned the River everywhere now—New Orleans, Baton Rouge, Natchez, Greenville, Memphis, Cairo, St. Louis—where once there'd been no crossing except for the bullfroggers and their ferries. And more bridges were coming.

Still, he'd run the Johnson City on, even after Mr. Menger's visit. The booming River traffic, that had multiplied a hundredfold the number of hated tows that puffed up past his ferry landing with oil or sulphur and down again with steel or pipe had caused that visit. Cap'n Tom had heard about the shortage of long trade pilots. But that had nothing to do with him. He was a bullfrogger, stem to stern. As such he'd end his days.

And so he had turned Mr. Menger down cold. The barge line man had argued for an hour, trying to persuade him.

"The River's doing a big job," Menger had said, "and we need men like you who've been on the River for years."

The plea hadn't moved Cap'n Tom. But a newspaper story a few days later had. "SEVERE WINTER DRAINS OIL STOCKS," the headline ran, "RIVER OIL BARGE INCREASE URGED."

As always with anything that mentioned the River, he'd read the article carefully. Storms and the worst winter in years meant that the East needed more oil. There wasn't enough to meet needs—and one of the reasons was a lack of River pilots. Barge lines could haul more oil, if they had more pilots. "Unless stocks can be built up," the story ended, "the coming months will be critical. Many schools may be forced to close."

That had done it! Cap'n Tom could not abide the picture of children cold and schools closed when he could do a bit, even a tiny bit, to help. He had gone directly to the phone.

"Decided take you up on that piloting job," he told Mr. Menger, "but only temporarily, y'understand."

And here he was, piloting a tow. Cap'n Tom looked sideways as he heard someone coming into the wheelhouse. It was Pete, the cook.

Cap'n Tom cleared his throat in anticipation of a hearty argument over the respective merits of bullfrogging and long trade piloting. But before Pete had the door well shut, Cap'n Tom saw the ferry poke her bow out—and there was no time for anything else.

They were rounding a sharp bend and he himself was running the point true. But the ferry, contrary to river

rules, swung out from shore, on their port side, when the Mary Jane and her tow were already half through the stretch. Cap'n Tom had himself played tricks, with the Johnson City, to aggravate uppity long traders. But he'd never set out deliberately to wreck a tow like this ferry man was doing. Couldn't the man see?

Disaster was rushing down upon his tow with every churn of the paddlewheel of that angling, clumsy ferry! The frogger couldn't get out of the way now. Cap'n Tom knew to a fine hair's breadth what a ferry could or couldn't do. This fellow had miscalculated his drift. He could almost feel the crushing impact—and a thousand-foot tow is no canoe for manoeuvring—but Cap'n Tom went into action.

A jerk on the whistle cord... quick orders to the engine room... a sure, deft hand on the wheel... he knotted his fingers moving upon the spokes with the sure grace of a surgeon's touch.

And the little Mary Jane answered valiantly.

Slowly, slowly, the long, sluggish tow served. The ferry slid by inches away. Cap'n Tom delivered a magnificent barrage of words upon the hapless ferry. Finally he stopped for breath and turned to Pete.

"Why, why...," he stuttered. "Did you see that bullfrogger, why...?"

"Great sakes, Cap'n Tom!" Pete's grin was wide enough to split his face. "You're a long trader now yourself. For sure!"

Cap'n Tom's anger faded. For a long moment he stared at the cook. Then he nodded.

"Well, temporarily, anyhow," he said—and added what was really important in his mind. "Say, did you notice how the Mary Jane handled there?" He patted the big wheel gently and a slow smile creased his face.

"There's a sweetheart!" said Cap'n Tom.

## Fashions

By ANNE ADAMS

### Doubly Delightful

To get the most fun and use out of Pattern 4916 you had better make both versions! One has the spandy new dandy collar, the other is all ruffled. Three sleeve versions.

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4916: sizes 12, 14, 16, 18. 20. Size 16, with collar, 2 1/2 yds. 39-in. ruffled, 2 1/2 yds. 35-in.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

### Unsolved Mystery

Liner Bantria Seems To Be Bad Ship For Cooks

LIVERPOOL, Eng. The liner Bantria sailed for the Mediterranean with a new cook who was undismayed by the fact that his two predecessors had disappeared onboard on similar trips.

"I'm not worrying," said Fred Mather, "I don't believe such things. But if I don't come back you'll know there's something in it."

Mather, married and father of two children, said he did not know about the other cooks until he signed on but he added cheerfully: "We've beaten subs and we'll beat the hoodoo."

The first cook on the Bantria to disappear was Clarence A. Lauris, who vanished last September off Genoa, Italy. On the Bantria next trip to the Mediterranean, the ship's new cook, Frank McNaught, also disappeared.

"Each of the cook vanished during the night and nobody knows how," one crew member said recently.

An average of 41 tons of steel is used in the construction of one mile of standard two-lane concrete highway.

DO THIS FOR

## Night Coughing

WHEN A COLD stuffs up the nose, causes mouth breathing, throat tickle and night coughing, use this time-tested Vicks VapoRub treatment that goes to work instantly... 2 ways at once!

At bedtime rub good old Vicks VapoRub on throat, chest and back. Then watch its PENETRATING-STIMULATING action bring relief from distress.

It PENETRATES to upper breathing passages with soothing medicinal vapors. It STIMULATES chest and back surfaces like a warming, comforting balm... and it keeps on working for hours, even while you sleep—to ease coughing spasms, relieve muscular soreness and tightness—and bring grand comfort! Try it tonight... Vicks VapoRub.

## Was Very Polite

Row Street Court Magistrate Dies Suddenly

Harold McKenna, 67, famous for 10 years as the "polite magistrate" at London's Bow Street court, died only a few weeks after he had retired from the bench.

He was unfailingly courteous to accused law-breakers and passed sentence, when necessary, with apparent regret—often in a whisper. He nee fainted after imposing a huge fine on a convicted black market operator.

New Zealand is fourth among the world's wool producing countries.

**RAZOR BLADES TRIM VIVIAN'S SHARP HAT**—Three dozen razor blades are in the trimming of this red felt hat, called "The Razors Edge", being modelled by Actress Vivian Blaine at a Chicago millinery fashion show.

## Helpful For Typists

New York Corporation Offers A Typewriter Which Is Errorless

NEW YORK.—An "errorless" typewriter with a standard keyboard which prints an entire line at one time has been developed by the Associated Development & Research Corp., N.Y. Robert S. Wallach, president, announced.

He said the machine is electrically driven, but that it does not type directly on the paper.

"Instead," he said, "it sets up a line which is visible just above the keyboard before printing. If an error occurs, the operator can correct it before the line is printed."

## NEW HIS BUSINESS

"Shine your shoes, Mister?"

"No time, Sonny?"

"Well, to start the day right I'll do one for nothing."

"All right, go ahead."

"There, how does she look, Boss?"

"Fine."

"Well, for ten cents I'll do the other one."

Sweet and cool in any Pipe

## BRIER

CANADA'S  
STANDARD PIPE TOBACCO

## Household Size

New Type Streamlined Squash Has Recently Been Developed

ST. PAUL, Minn.—A family-tailored, thin-shelled squash of the banana type, just the right size for the average household, has been developed by the University of Minnesota agricultural experiment station, to meet consumer demand.

With eye as well as taste-appeal—it is marked with gray-blue stripes on a pink background—shaped like a banana for ease of storage, and weighing from three to four pounds, the squash is reported excellent for pies as well as for baking purposes.

## ACTRESSES!!

This line medicine is very effective to relieve pain, nervous distress and weak, lightening feelings of "certain days"—when due to female functional monthly disturbance. All druggists.

**BRIGHTEN THE MEALS WITH BISCUITS**

MAGIC'S ORANGE MARMALADE BISCUITS

2 cups sifted flour  
1 egg  
1/2 cup milk  
4 tbsps. shortening  
1/2 cup orange marmalade  
4 tbsps. Magic Baking Powder

Sift dry ingredients together. Cut in shortening until mixed. Beat egg slightly in measuring cup; add milk and marmalade to make 1/2 cup and add to first mixture. Roll out about 1/8-inch thick; cut with floured biscuit cutter. Top each with a little marmalade; bake in hot oven (425°F.) about 15 minutes. Makes 16.

**MAGIC BAKING POWDER**

## WEDDINGS

## DUNCANSON-WHELLAMS

The marriage took place at Nelson, British Columbia, on Tuesday, of Miss Diana Whellams, of Kaslo, BC, to Mr. Frank R. Duncanson, of Coleman.

The newly weds will spend a few days honeymoon at Spokane and other United States points before returning to Coleman this week-end where they will reside, the groom being manager of the local branch of the Canadian Bank of Commerce.

## St. Paul's Women's Association Elects Officers

The Women's Association of St. Paul's United church held their first meeting of the year at the manse on January 9. A full slate of new officers was elected as follows:

President — Mrs. Lou Clary  
Vice-President — Mrs. W. Dibbbee  
Secretary — Mrs. Chas. MacQuarrie  
Treasurer — Mrs. W. Lonsbury

The retiring officers take this opportunity to thank their friends for their support and help during the past year.

The ladies will hold their annual Valentine Tea and Sale of parcels, aprons and home cooking in the club room on Saturday, Feb. 8, from 2.30 to 5.30 p.m. Donations to the sale will be greatly appreciated.

The next regular meeting of the Women's Association will be held on Thursday evening, Feb. 13, at the home of Mrs. J. R. Kerr, 5th street.

## Four Coleman Stars Attract N.H.L. Scouts

Kovacki, Antonenko, Kryzka and White Being Watched.

The terrific scores piled up by the Coleman Grands game after game in scheduled Foothills League hockey contests has attracted the attention of National Hockey League scouts who are now closely watching four young members of the team.

Dave Kemp, Pass Veteran number who now keeps a lookout for promising hockey ivory in the Pass towns, has been instructed to report on no less than four Grand's players, all in their teens.

Bill Lee, of Lethbridge, scout for the Chicago Black Hawks, is expected in the Pass, shortly to confer with Mr. Kemp and see the four players in action for himself. According to Mr. Kemp, Tiny Thompson, chief Hawks scout, may visit the Pass to see the boys himself.

The four players are Kovacki, 16; Kryzka, 19; Antonenko, 18 and White, 18. The first two are veteran wingmen who have the veteran Bill Fraser centring their line. They have been prolific scorers.

Antonenko has had less opportunity to score due to not having a centre of Fraser's ability alongside of him, nevertheless he has been scoring steadily.

White is a Bellevue youngster who only last week was absorbed into the local team to give him experience and stiffer opposition.

According to Mr. Ray Spillers, secretary of the local club, Bill Tobin, owner of the Chicago Hawks, has expressed a wish that he see the boys in action at Banff this spring.

It is unlikely that Mr. Tobin will have that opportunity, however, as all the boys, with the exception of Kryzka, are in high school, and along with the school studies will have their league and play-off commitments to attend to.

## THEATRE NOTES

'Somewhere In The Night' Screen's Boldest Probing of Human Emotions

Starring John Hodian, and introducing as his co-star, lovely Nancy Guild, who is being hailed as the most exciting screen discovery in years, 'Somewhere In The Night,' 20th Century-Fox's new romantic thriller, opens Saturday at the Palace Theatre.

The romance and excitement-packed film tells the gripping story of an ex-marine, plagued by emnesia—afraid to love, afraid even to search out his past; haunted by the memory of an unfinished kiss and of a forgotten shame. Filled with suspense and thrilling drama, the film is said to present the boldest probing of human emotions ever attempted on the screen. New Warner Comedy Makes Local

Debut Saturday At Cole's  
In these hectic days of vanishing royalty in search of new jobs, the new Dennis Morgan Jack Carson Joan Leslie starring film, Warner Bros' 'Two Guys From Milwaukee,' which opens at Cole's theatre Saturday, promises to be both timely and funny.

The tale of a reluctant prince who gets a chance to learn about democracy in 24 incognito hours in New York, the film is a merry lesson in how to lose a throne and win friends and influence practically nobody in 90 minutes of cinematic fun and frolic. An excellent supporting cast includes Janis Page, S. Z. Sakall, Patti Brady and Rosemary DeCamp. David Butler directed the comedy for producer Alex. Gottlieb from an original screenplay by Charles Hoffman and I. A. L. Diamond.
